Helping you have the treatment you want

Finance 4 Patients provides a simple and affordable way to spread the cost of dental treatment.

Treatments can be paid using an interest free loan, with repayments commencing one month after the treatment has started.

Dental Treatment Loans:

By spreading the cost, you can afford to have the treatment you really need or the teeth you've always wanted. The process is handled completely online, simply get an instant decision with no waiting and there are no paper forms to fill out and post.

- ✓ Afford the treatment you really want and the smile you've always desired.
- ✓ Apply anywhere, anytime, online with an instant decision.
- ✓ Spread the cost of your treatment.

How it works:

- When you have discussed your treatment with your dentist and agreed the price, your dentist will email you a link to our finance application form.
- If you wish to proceed, you can then click the link in the email you have received and continue the application in the comfort of your own home.
- You can sign the agreement online so there is no need for paperwork or to post anything to us.
- You will be given a decision in seconds to whether you have been accepted.
